

What are some ways that genocide can be prevented or stopped?

1. Don't ignore - use your words - say it's "genocide"
2. Early intervention
 - Economic sanctions
 - Military intervention
 - Change laws if necessary
3. Keep watch and monitor hot spots
4. Spread info (internet/social networking)
5. Don't forget that it can happen
 - Make connections as you grow up (high school, college)
 - Teach your kids
 - [spread/preserve memory of past occurrences (remind people that it can happen)]
6. Don't give in to misinformation/propaganda about a targeted group
7. Take action
 - Urge your country to act (contact your president, senators, Congressperson)
 - Volunteer with groups that are taking action
 - Help financially with groups that are taking action
8. Stay informed
